American League.

There was quite a large attendance at the meeting of the American League in headquarters last night.

The nominations were made as follows for officers to serve during the ensuing year: Allan Clark for president, William Larsen for first vice president, Louis Tousaint for second vice president, Theo. P. Swerin for recording secretary, and W. D. Hamilton for financial secretary.

Those who were nominated at last Tuesday (July 14th) evening's meeting declined in favor of the above named gentlemen. Nominations are still open. The regular election will be held on Tuesday, July 28th.

PARADOXICAL DISCOVERY.

The paradoxical discovery that the speed of a sailing vessel may be increased by perforating its sails is claimed by Captain Vasallo, an Italian mariner. He supposes that the fixed cushion of air filling up the hollow of an inflated sail lessens the effect of the wind, and he has sought to prevent the collection of this cushion by making a number of holes in the canvas. Several trials, made in all weathers, have given surprising results. In a light wind a vessel made four knots with ordinary sails and five knots with perforated sails; in a fresh breeze seven and eight and three-quarters knots respectively, and in a strong wind eight and ten knots. The ship's value would be increased one-fifth—its trips of five weeks being reduced to four weeks—if the increased speed can be sustained throughout a long voyage.

There are 20,000 hounds in Great Britain used for hunting purposes.

WHARF AND WAVE.

AT DIAMOND HEAD SIGNAL STATION, July 21, 10 p. m.—The weather is clear; wind light, northeast.

Some very large timber was put on the Iwalani yesterday.

The Iwalani will sail for Kauai ports on the regular Mikahala route at 5 p. m. today.

The Kauai will go to Kailua, Honolulu and Punaluu after sugar and cattle at 10 a. m. today.

The Claudine took away 16 mules shipped by C. Brewer & Co. to the Reciprocity Mill yesterday afternoon.

The Kikikat has hauled in alongside the Fort street wharf to discharge her cargo of lumber, which work she will begin today.

The American ship Tillie E. Starbuck, Curtis master, sailed for New York with a full cargo of sugar at about 1:30 p. m. yesterday.

The steamer W. G. Hall arrived from Maui and Hawaii yesterday afternoon with reports of fine weather along the Maui and Hawaii coasts. She brought a number of passengers and quite a large freight.

There arrived by the W. G. Hall yesterday afternoon a small jack-ass covered with lels of various kinds and shaking very visibly in the knees. It is common gossip on the Inter-Island wharf that the animal was brought down as a mascot for the Superintendent of the Company, but the story could not be corroborated.

There was the usual large crowd of people in attendance at the departure of the O. S. S. Australia for San Francisco at 4 p. m. yesterday. The Hawaiian band played the usual concert and the usual late man ran up the gangway. The only change was the appearance of a son of Ireland with a green shirt, tie and hat band.
